

FISCAL NOTE

SB 330 - HB 1316

March 1, 2001

SUMMARY OF BILL: Includes among the precautions to be taken in any excavation or demolition operation to avoid underground utility damage that each utility must be installed with sufficient clearance to permit the maintenance of existing utilities and to protect against damage to existing utilities.

ESTIMATED FISCAL IMPACT:

Decrease Local Govt. Expenditures - Exceeds \$100,000

Estimate assumes utility districts and municipal utilities will experience a decrease in expenditures for maintenance costs and damage repair with sufficient clearance between utilities. This decrease is estimated to exceed \$100,000 statewide over time.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, reading "James A. Davenport". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

James A. Davenport, Executive Director
